

# End-of-Life Advisory

Title	End-of-Life Advisory for ESP-IDF v3.3 Release Branch
Issue date	2022/02/22
Advisory Number	AR2022-002
Serial Number	NA
Version	V1.0

This advisory serves as a formal notification of the End-of-Life (EOL) for ESP-IDF v3.3 release branch in accordance with Espressif's IDF support policy.

ESP-IDF v3.3 release branch reached EOL in February 2022, announced on Espressif's IDF support policy page on GitHub accessible via the link [here](#). With EOL, new features, bug fixes, and security fixes will no longer be supported on this branch.

Customers who are currently using ESP-IDF v3.3 release branches are encouraged to upgrade their projects to more recent ESP-IDF releases. At the time of writing, the latest stable ESP-IDF version is v4.4. To find out more about support periods, see [ESP-IDF Versions](#).

If you have questions regarding Espressif's IDF support policy and options to upgrade from EOL ESP-IDF release branches, please contact [Espressif](#).
